9. Meetings on Current Economic Policy Developments in Communist Countries

The Subcommittee serves a useful function in its ability to evaluate proposals for external economic research on an ad hoc basis. It also provides a formal mechanism through which the community can undertake coordination of certain economic activities such as exchange proposals, NIE post mortems, etc. Any further extension of activities by the Subcommittee, however, should be carefully weighed in the light of the very high "opportunity cost" of the members time.

B. Future Program of the Subcommittee

The Subcommittee intends to pursue its present course.

C. Changes in Membership

None.
